SPEAKING ENGAGEMENTS

*A world of experience...*

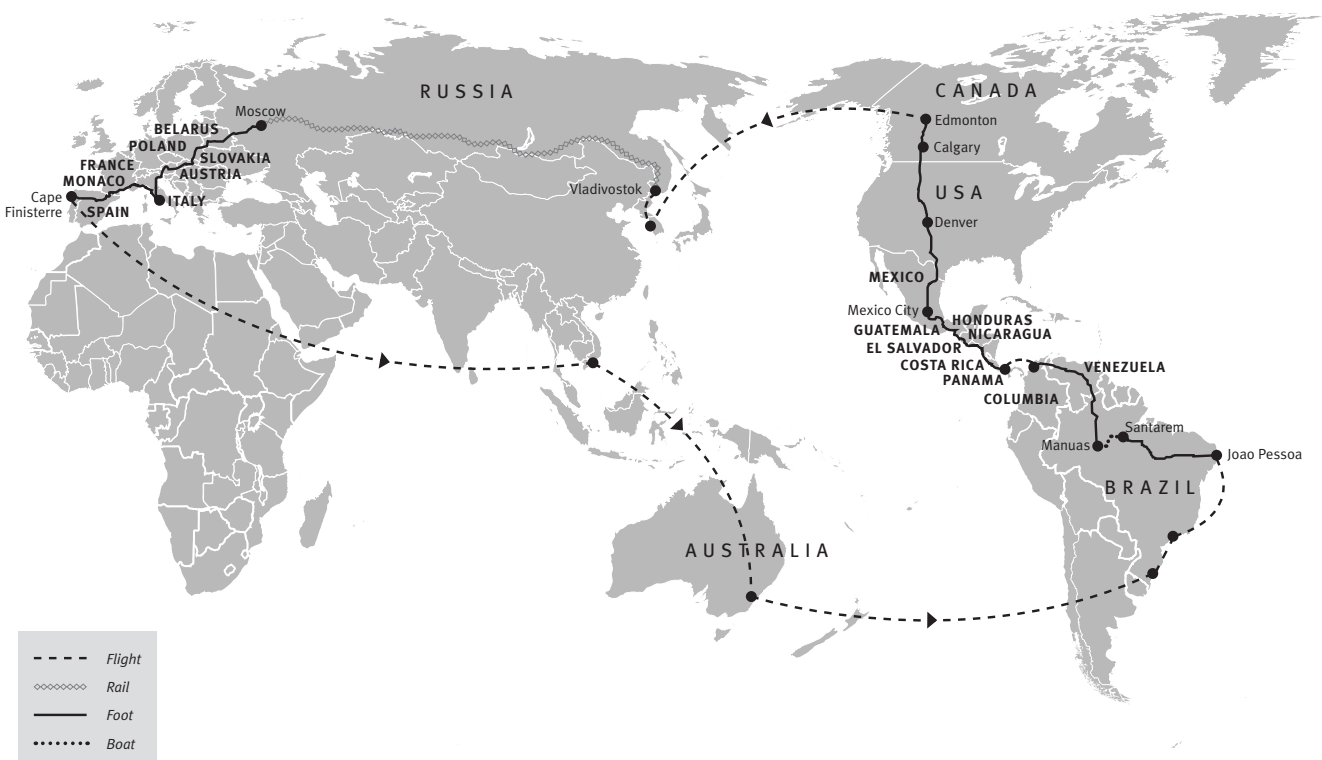

*What do you get if you take a polished public speaker and send him around the world for nineteen months?*

## A STORY UNLIKE ANYTHING YOU'VE HEARD BEFORE

**Adventurer, author, documentary producer, & missionary, Sam Clear**, draws his audiences into a world of extreme challenges through visually stimulating, action-packed and highly engaging presentations, inspiring all to set audacious goals, to persist through adversity and to genuinely impact the lives of those around them for a better world.

Setting out in December of 2006, Sam walked 15,600km around the world on a promotional walk for unity. The journey encompassed twenty countries & ten languages, thrusting

Sam onto the front page of numerous overseas news services as he continued on despite major obstacles. Having to find food and water every day and relying on the hospitality of complete strangers, he was mugged at knife point, threatened at gun point, bashed on the side of the road, came face to face with dangerous animals and experienced temperatures from -33°C to 47°C, yet through it all what stood tall was love in action under the most incredible circumstances. That, and how your planning and communication skills can make or break you.
